soyedariff@gmail.com
Rajshahi-6203, Bangladesh

OBJECTIVE

Driven junior web developer with MERN stack expertise. Passionate about coding, creativity, and innovation. Actively contributes to cutting-edge online applications, while seeking growth opportunities. Committed to high-quality solutions and staying up-to-date with web development advancements.

SKILLS

Technical Skills

- **Expertise:** ReactJS, React-Router-Dom, JavaScript, Tailwind, HTML, CSS
- **Comfortable:** ExpressJS, MongoDB, JWT, Dotenv
- **Familiar:** Axios, React-Query
- **Tools:** Github, VS Code, Firebase, Vercel, Netlify, Dev Tools, NPM packages

Impersonal Skills:

- **Client Management:** As a freelancer, I've developed the ability to grasp clients' task requirements.
- **Communication:** Client management expertise also helped to improve communication.
- **Quick Learner:** I'm always flexible to learn new skills and new ways to provide professional output.
